

# Contrada.

Beautiful

•

Versatile

•

Functional

## Beautiful

- Architectural appeal in a solid 3" frame-and-tile system
- Fifteen tile styles to suit every design statement
- Completely interchangeable tiles allow different configurations on each side of the panel

## Beautiful

- Architectural appeal in a solid 3" frame-and-tile system
- Fifteen tile styles to suit every design statement
- Completely interchangeable tiles allow different configurations on each side of the panel

## Versatile

- Segmented or monolithic look
- Robust frame stacks up to 132" using three available stacker heights
- Off-modular component capabilities

## Functional

- Abundant power and data handling capacity
- Easy electrical access option at 6" increments on the frame
- Integrates with other Trendway components, Intrinsic® Filing and Storage to value-design

## Contrada Power Arch

- Creates a distinctive architectural aesthetic
- Defines space, distributes power and data
- Affords multiple lighting options

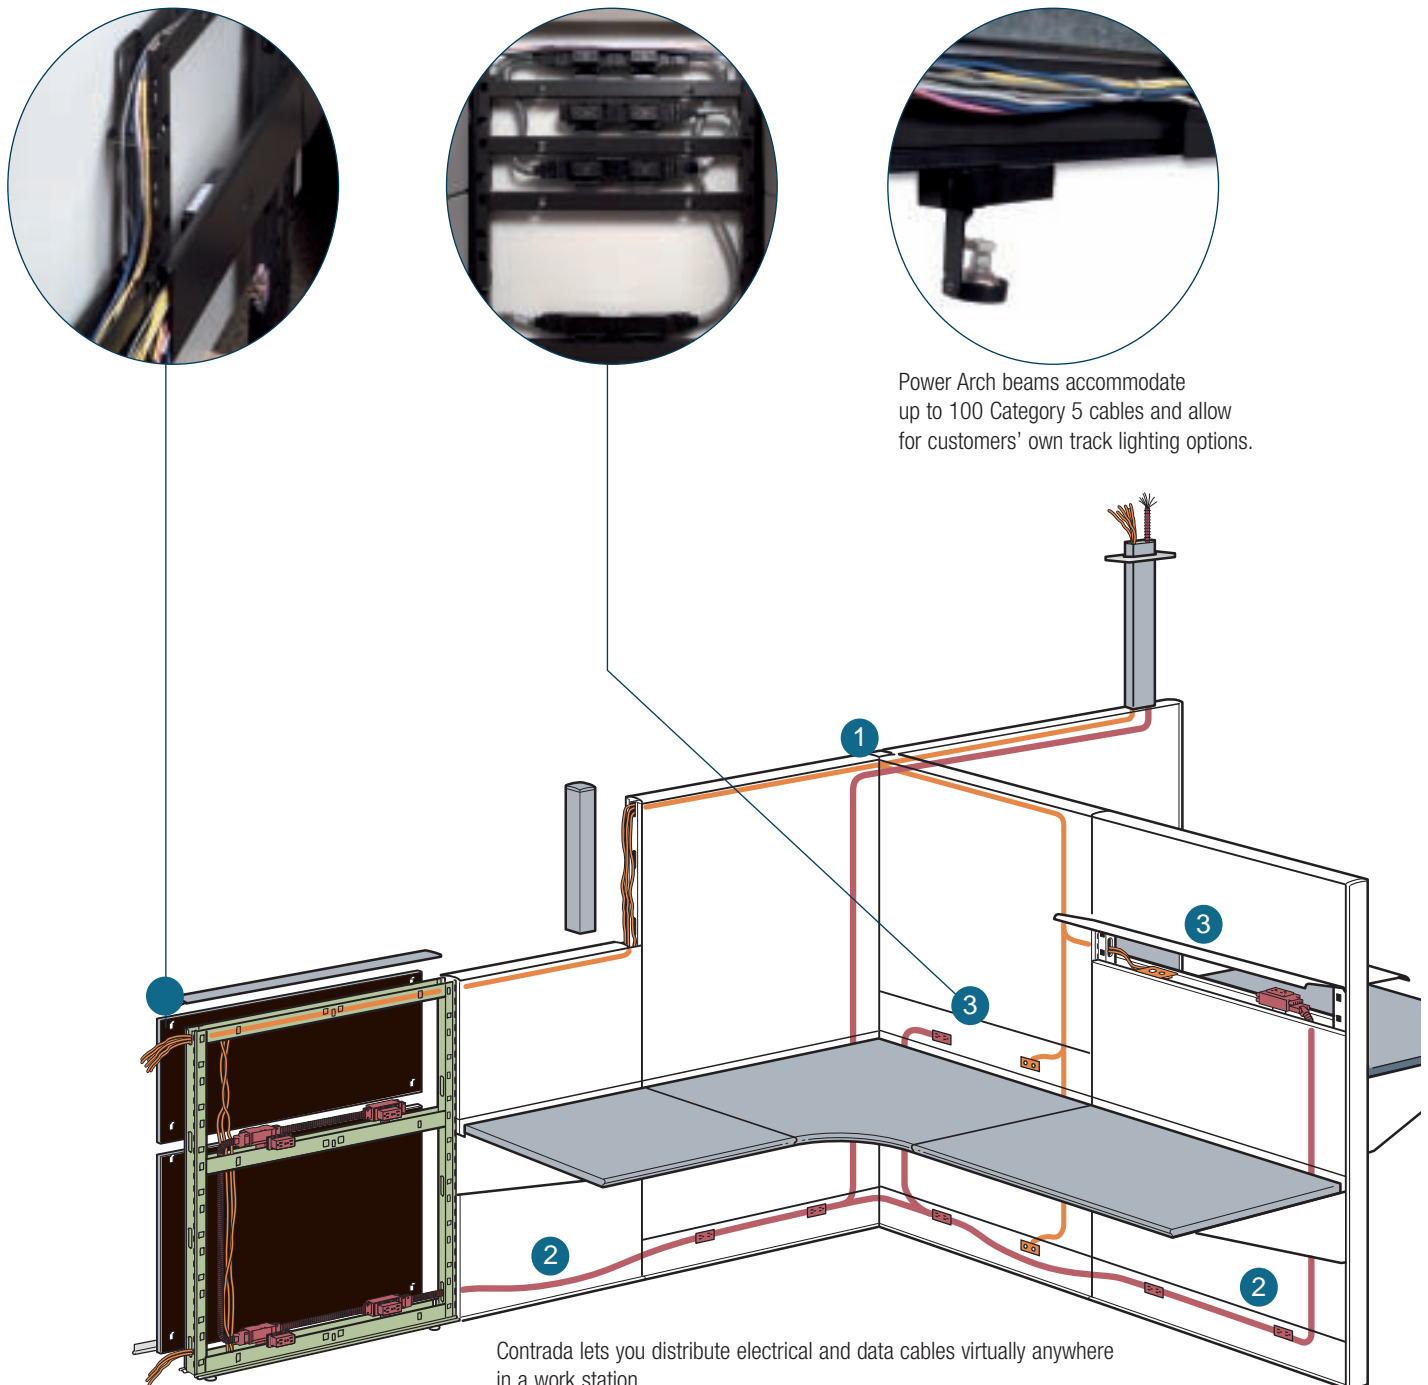

## Contrada Raw

- ¥ Provides a blank canvas for customers' own material
- ¥ Offers unlimited possibilities, from edgy to elegant
- ¥ Includes full Contrada power and data capabilities

## Power and Data

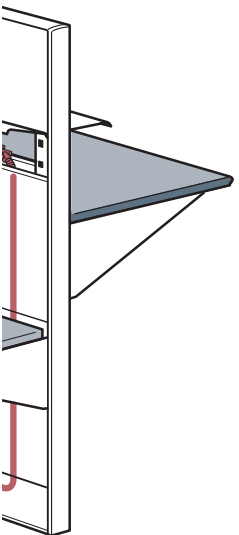

- 1 Standard top channels for cable lay-in accommodates up to 46 Category 5 cables or 10 twisted pairs
- 2 Pass-through capacity of up to 64 Category 5 cables or 16 twisted pairs at baseline or beltline
- 3 Optional power and data access in 6" increments anywhere vertically on the frame

## Contrada Smart Tile

- Fabric-covered alternative, priced 30-45% less than current Tackable Tile
- Available in six widths and 11 heights, including new frame-height/monolithic sizes
- Lighter weight allows for quick, simple installation
