# Instruct™ Specifications

## All Terrain® Instructors' Desk

Unit is based on a 22" deep x 22" wide and 35-1/2" high storage tower. The tower has three adjustable metal shelves and one laminate rollout shelf at the bottom of the storage unit. At the top of the storage tower is a landing pad that is made of 3/4" laminate with 74P edge, this surface is raised 3-3/4" above the top of the storage tower with aluminum extrusions.

A 1-1/4" thick laminate covered surface with a 74P edge is attached to the side of the storage tower on one end and supported by a 3" diameter support leg on the other end of the unit. There is a perforated partial modesty panel that is suspended from the underside of the surface. This modesty panel covers the area from the storage unit to the support leg.

There are three open grommets and one covered grommet for wire management on the storage tower. One grommet is on the top of the storage unit directly below the one covered grommet on the landing pad. The other two grommets are above and below the worksurface on the inside of the desk unit.

## All Terrain® Mobile Instructors' Desk

This unit has an All Terrain® Binder Tower with the lectern option. Also there are four open grommets at the top and bottom of each of the binder's sides. There is a surface that is attached to the side of the Binder Tower and supported on the other end by an All Terrain® Table leg with casters. There is a perforated partial modesty panel that attaches to the leg and the binder tower.

## 700 Series® Instructors' Desk

This unit is identical to the standard 700 Series® Desk with the following changes. The desk has a peninsula shaped top that overhangs the desks frame to allow for collaboration with students. The frame of the desk has a 12" deep bookcase that is the end panel opposite the peninsula overhang. The bookcase is 30" or 36" wide, which is the depth of the desktop. This unit is non-handed, there is no left or right, the side with the bookcase can be reconfigured after install should the need arise.

## WorkZone® Instructors' Desk

The WorkZone® Instructors' desk is based on a standard WorkZone® square shoe unit that has a worksurface supporting pedestal (BBF configuration) to support the extended side of the square shoe and a cantilevered frame on the other end. The surface is 1-1/4" thick with a high-pressure laminate.

## All Terrain® Binder Tower (Lectern option)

The lectern option can be added to any All Terrain® Binder Tower that has both a landing pad and outriggers. The podium option is an angled landing pad to allow better viewing for the instructor.

All Terrain® binder towers are available in heights and drawer combinations to suit personal or shared storage requirements.

Binder towers specified without drawers are optimized for book, binder or bin storage. These units include two adjustable shelves. Units may be specified with a single file drawer that can be used for letter files, legal files or bins, or for A4 files. Units with a file drawer include one fixed and one adjustable shelf and may also be specified with pullout pencil drawer.

All Terrain® binder towers may be specified with or without a door, on casters or glides with outriggers. The binder tower always includes a laminate either directly attached or as a raised landing pad. These tops can be specified as bowed front rectangular or as shaped.

## HOW TO ORDER

Indicate the following information on order form:

1. Quantity of each item.
2. Model number, including options. See "How To Build a Model Number".
3. Any special service required.

Note: •The  indicates that a choice is required.  
•The absence of the  indicates that no choice is required.

## HOW TO BUILD A MODEL NUMBER

### A Select basic model.

Above models include factory-installed counterbalance weight.

### B Select door front/pull style (hand)

N = None  
**S1R** = Steel/inset plastic pull (right)  
**S1L** = Steel/inset plastic pull (left)  
**S2R** = Steel/aluminum metric (right)  
**S2L** = Steel/aluminum metric (left)  
**S3R** = Steel/aluminum bow tie (right)  
**S3L** = Steel/aluminum bow tie (left)  
**S4R** = Steel/nickel bow tie (right)  
**S4L** = Steel/nickel bow tie (left)  
**PR** = Frosted acrylic (right)  
**PL** = Frosted acrylic (left)  
**L2R** = Laminate/aluminum metric (right)  
**L2L** = Laminate/aluminum metric (left)  
**L3R** = Laminate/aluminum bow tie

(right)

**74PL** = Laminate/aluminum bow tie

(left)

**L4R** = Laminate/nickel bow tie

(right)

**L4L** = Laminate/nickel bow tie (left)

### C Select edge style.

**74P** = With 74P edge, laminate surface

### D Select base style.

**4CW** = 4 bl/wh casters (2 locking)

**4GB** = 4 bl/wh glides

**4MW** = 2 casters bl/wh, 2 glides bl/wh

### E Select unit color.

Refer to color addendum at ki.com or in KI Price List or KI Fabrics & Finishes binder.

### F Select surface finish.

Refer to color addendum at ki.com or in KI Price List or KI Fabrics & Finishes binder. Surface finish offerings are based on edge style selections.

### G Select edge color.

Refer to color addendum at ki.com or in KI Price List or KI Fabrics & Finishes binder. Edge color offerings are based on edge style selections.

### H Select front surface finish.

Refer to color addendum at ki.com or in KI Price List or KI Fabrics & Finishes binder.

### I Select lectern option.

Select to have the landing pad angled for better viewing of presentation material

**LO** = Lectern; add \$22

**NL** = No lectern

**You make the rules.  
We make the rest.®**

Of course KI solutions work better for you. They're made for you. No one pays more attention to customer needs than we do. We don't design our furniture to win awards (even though it does). We don't rely on one-size-fits-all solutions (even though they would make our life easier). We find out what you need. And, we make it. The same applies to our service, distribution channels...everything we do. It's all built around knowing what you want and giving you the choice. KI solutions work, because we're working for you.
