5th to 95th in the same chair

Any NP Series chair can be adjusted for almost anyone

SEAT HEIGHT
allows for differences in a short or tall person and provides the proper support for a neutral, stress-free position.

SEAT TENSION
may be adjusted to accommodate various body weights.

SEAT DEPTH
seat slider allows you to adjust to long or short leg lengths and allows more support from the seat pan.

SEAT ANGLE
adjusts to provide a more open trunk/thigh posture which increases the flow of blood and nutrients through the body reducing the build up of lactic acid.

BACK ANGLE
adjusted to the current task allows an individual a multitude of changes in a neutral, stress-free position throughout the day.

CONTOURED SEAT PANS
provide superior comfort through the reduction of pressure in the buttock/thigh area.

Seated workers vary dramatically in height and weight (5th percentile female = 4'11" to 95th percentile male = 6'2"). The adjustability of Neutral Posture® chairs and modularity of seats and backs allow us to accommodate the widest possible range of seated workers, from the 5th percentile female to the 95th percentile male. The images on these pages show the range of adjustability used to fit this dramatic anthropometric range, *all in the same chair* (NPS8600-F shown, other models available).

"Those who say their chair has a passive backrest or 'automatically adjusts' usually have been designed for the average and therefore it is uncomfortable for everyone and does not fit anyone. Just because it moves doesn't mean it's ergonomic. For a passive backrest to work it would have to have a separate tension adjustment for various upper body or 'trunk' weights. As designed, the heavier person would fall back and the lighter person would not move the back rest."

– Dr. Congleton Ph.D., P.E., C.P.E.

5th percentile female — 95th percentile male

Both female and male seated in NPS8600-F (other chair models available).

INFLATABLE LUMBAR
offers fine tuning support for the natural curve of the lower back.

360° ARMPAD ROTATION
to provide forearm support at any angle and to allow a worker closer proximity to the work surface.

ARM HEIGHT
adjusts to accommodate the differences in elbow rest heights.

ARM WIDTH
adjusts to allow for size differences in buttock/thigh and shoulders.

BACK HEIGHT
adjustment provides four inches of travel to accommodate lumbar differences.

HEIGHT VARIATIONS
cover the 5th to the 95th percentile.

Cleanroom Options

- Stools: All models can be configured with tall cylinder and a variety of footrests
- Glides **(C2)** standard (casters optional)
- **ESD & CR** combinations: Call for pricing and availability
- Class 10 (ISO 4): Call for pricing and availability
- Arms: Recommend T-arms **(A2)**
- NeXtep™

NeXtep™

Exclusions:

- Seats: NBF **7** seat (round upholstered) not available in **CR** (optional 14" round available, call for more information)
- Bases: Spider bases not recommended in **CR**

Independent testing according to Federal STD 209E (correlates to ISO-14644C Class 5) confirms Neutral Posture Cleanroom seating meets or exceeds Class 100 requirements. Neutral Posture Cleanroom models are designed to prevent particulates in Cleanroom environments. In addition to top-quality vinyl upholstery, HEPA filtration system in seat and backrest prevent particulate release.

Additional Models

- Rio™ Series Page 34

* ESD package includes Aluminum base, chrome cylinder and conductive casters (ESD glides optional) to ensure metal-to-metal conductivity. **(E)** \$290 upcharge.

ESD Options

- Stools: All models can be configured with tall cylinder
- Many other models, please call for pricing and availability
- Cleanroom/ESD combinations: Class 100 adds \$80 (list), call for pricing and availability

Exclusions:

- NCUGG1 is the only urethane model offered in ESD
- Bases: All bases excluded except polished aluminum (**B6** & **B9**)
- Footrests: Footrings (**R1** & **R2**), NeXtep™ (**R3**, **R4** & **R5**) and Fring™ (**F**) are not conductive

Neutral Posture ESD models are tested to meet the requirements of today's ESD environment with conductive components and fabrics (1% carbon fiber with surface resistivity no greater than 1.3×10^6 ohms / sq. cm when test in accordance with ANSI/ESD STM12.1-2006). ESD chairs are an integral part of an effective ESD system that includes a conductive floor or mat to complete conductive path.

Why Provide Sit/Stand Adjustability?

Research indicates a sit/stand workstation provides significant benefits to employees and employers.

- **Work-related injury/illness can decrease 28%, lost time can decrease 82% and productivity can increase 17% with a sit/stand workstation.**
- When working at a sit/stand workstation, an employee will change posture approximately 3 or 4 times per day.
- Standing increases respiration and reaction alertness and allows the employee greater mobility.
- A sit/stand environment promotes beneficial postural changes and can improve comfort ratings by 26%.
- Additional 9" height adjustment (infinite range positioning)
- US Patent # 7,048,236 – "Vertical Adjustment Apparatus for a Keyboard" StandUp™

Easy U22

\$465

NEW

Mechanism

- Graphic display of height and angle – great for multi-user situations and operators that change position frequently
- Angle adjustment is gear driven, turn the knob and the board changes angles from 0°/-15°
- Low profile 23" teflon
- Leverless spring assisted height movement that includes 7" below and 3.5" above the workstation of vertical travel
- Standard with 360° rear swivel

Keyboard Tray

- Ergonomically shaped, stable, low-profile tray
- Anti-skid grips and cable management included
- Snap-in gelthane wrist rest
- Ergonomic pull handle allows for neutral ergonomic reach adjustment
- Mouse trays slide in and out and have 3 forward indexing positions
- Mouse surfaces are a generous 9" x 10"
- Constructed from durable ABS plastic
- Dimensions range from: 23" to 41" wide and 12.25" to 15.25" deep
- Fits most wave style keyboards including Microsoft Natural™

Easy C43

\$410

Mechanism

- Leverless spring assisted height movement that includes 6" below and 6" above the workstation of vertical travel
- Soft rubber knob for tilt adjustment
- Standard with low friction nylon glides on 23" slide
- Standard with 360° rear swivel
- Standard tilt range of 0° to -15°

Keyboard Tray

- Patented SoftTouch™ tray constructed with smooth lightweight urethane
- Design offers rounded edging for maximum ergonomics and blood flow
- Anti-skid grips included and cable management is designed into the tray
- Ergonomic pull handle allows for neutral ergonomic reach adjustment
- Same height mousing ensures consistent ergonomic positioning
- Dimensions: 12.25" D x 27" W

Easy A33

\$390

Mechanism

- Leverless spring assisted height movement that includes 6" below and 2.5" above the workstation of vertical travel
- Soft rubber knob for tilt adjustment
- Standard with low friction nylon glides on 23" slide
- Standard with 360° rear swivel
- Standard tilt range of 0° to -15°

Keyboard Tray

- SoftTouch™ tray constructed with smooth lightweight urethane with dual positioning mouse tray
- Universal swivel mouse tray can be moved left to right as well as positioned for forward mousing
- Design offers rounded edging for maximum ergonomics and blood flow
- Anti-skid grips included and cable management is designed into the tray
- Ergonomic pull handle allows for neutral ergonomic reach adjustment
- Same height mousing ensures consistent ergonomic positioning
- Dimensions: 11.5" D x 20" W with 8" diameter mouse tray

Easy A11

\$340

Mechanism

- Leverless spring assisted height movement that includes 6" below and 2.5" above the workstation of vertical travel
- Soft rubber knob for tilt adjustment
- Standard with low friction nylon glides on 23" slide
- Standard with 360° rear swivel
- Standard tilt range of 0° to -15°

Keyboard Tray

- Thinline construction for extra durability and low profile
- Swivel under mouse tray allows for tight work surface configurations where mouse needs to be stored under the keyboard to allow the board to retract
- Foam or gel wrist rest options
- Anti-skid grips and cable management included
- Dimensions: 11.25" D x 20" W with 8.5" diameter mouse tray
- Easy removal of the straight wrist pad allows use of most wave style keyboards including Microsoft Natural™

General Information

Terms and Conditions: For all non-rated or new accounts, payment terms are C.I.A. until credit has been approved or rated. Please send full credit information and references and allow time for Credit Department approval.

For all established accounts, payment is due within thirty (30) days from the invoice date. Neutral Posture (NP) reserves the right to change or cancel the terms of sale based on volume, credit rating and/or credit information. Prepayment, whole or in part, may be requested at any time at the discretion of the factory.

Past due accounts are subject to a 1.5% late charge, or maximum amount permitted under local law, for each thirty (30) days the outstanding balance remains open after the due date.

Withholding of payments based on the carrier damages, shortages or other disputes is illegal and subject to charges.

Ordering: All orders must be faxed, e-mailed or mailed. Orders must have a contact name and phone number. Orders may not be cancelled without written consent of the factory.

Orders should be sent to:

Neutral Posture, Inc.
3904 N. Texas Avenue
Bryan, TX 77803
979 - 778 - 0502 (Press 1)
979 - 778 - 0408 FAX
E-mail: OE@iGoErgo.com

When an order is received, it is assigned a scheduled ship date. That date is shown on the customer's acknowledgment. Request for changes or cancellations should be made through the Customer Service Department immediately. Any change or cancellation is subject to a 25% fee. All standard discount orders are F.O.B. destination within the forty-eight (48) contiguous states and District of Columbia. For orders shipping outside the forty-eight (48) contiguous states, customer pays shipping from port of embarkation to destination and order will be shipped "best way". Standard lead time is 3-4 weeks, N-stant Quick Ship lead time is five (5) days. Customer will incur additional charges if they choose to specify freight carrier.

Prices: Prices are subject to change without notice. Prices in effect at time of shipment prevails in the event of a discrepancy.

Freight Damage: Upon receipt of shipment, cartons should be inspected carefully. Damage claims are the responsibility of the receiver and must be noted on the delivery receipt. NP's responsibility ceases when the receiver signs the bill of lading as having received in good condition.

Claims: Repair or replacement of defective parts under warranty will be made through the NP dealer at no cost to the customer, except for the cost of labor, packaging and shipping to and from the factory if return is found to be necessary. All claims must include serial numbers. All shipping claims should be made within thirty (30) days of shipment.

Factory Assembly Service: Currently Neutral Posture ships knocked down. We are also able to offer fully assembled shipping. To order fully assembled products please indicate "Ship Fully Assembled" on your purchase order. The charge of \$75 NET per chair will be added to your order for this service by NP invoice. Any additional charges will be billed by the freight company and is the responsibility of the customer.

Non-UPS able: Big & Tall Series (ships fully assembled)

Patent Information:

- Neutral Posture U.S. Patent #4,552,404
- Adjustment Guide U.S. Patent #D458,7775
- Fring™ Footrest U.S. Patent #6,142,571 and 6,607,246
- Inflatable Lumbar U.S. Patent #6,220,663 B1 and 6,290,295 B1
- Adjustable Arms U.S. Patent #6,296,312 B1
- AbStool™ U.S. Patent #6,877,812
- NeXtep™ U.S. Patent #7,036,886
- StandUp™ U.S. Patent #7,048,236
- AbStool™ (2) U.S. Patent #7,104,606
- Other Patents Pending

Certification: Independent tests show that all Neutral Posture, Inc. (NP) chairs meet or exceed current ANSI/HFS 100, ANSI/BIFMA and California 117 certification standards. Certain NP products meet California 133 and Task Intensive certification standards. All cylinders are rated Class 4 or better by UNI standards.

Design: Neutral Posture reserves the right to make changes and improvements in design and materials and to discontinue parts and components at the discretion of Neutral Posture's quality control committee.

Returns: All merchandise returns must be pre-approved by the factory and sent freight prepaid. Contact the Customer Service Department at NP to receive a Return Merchandise Authorization (RMA) number for any return. RMAs are valid for thirty (30) days and any returned merchandise without a RMA number will be refused.

No deductions from any NP invoices can be made for return merchandise until it is approved by the factory. No deductions will be honored until returned goods are processed through our Quality Control Audit.

All returns for cancelled orders must be pre-approved by the factory and sent freight prepaid. No returns will be authorized unless our inventory allows it, the parts are in good reusable condition, and it was sold within the last three (3) months. Authorized returns will be charged a 30% restocking fee, by agreement, to cover handling, inspection, stocking and repackaging.

ANSI/BIFMA: Neutral Posture, Inc. is a member of the Business and Institutional Furniture Manufacturer's Association (BIFMA). Tests developed by the Business and Institutional Furniture Manufacturer's Association (BIFMA) and approved by the American National Standards Institute (ANSI) determine the strength and durability of seating in its everyday use. Although this testing does not serve as a warranty or guarantee, Neutral Posture products within this price list meet or exceed applicable ANSI/BIFMA 5.1-2002, BIFMA G1-2001 and ANSI/HFS 100-2002 standards.

ElectroStatic Discharge (ESD) Seating: Neutral Posture ESD models are tested to meet the requirements of today's ESD environment with conductive components and fabrics (1% carbon fiber with surface resistivity no greater than 1.3×10^6 ohms/sq. cm when test in accordance with ANSI/ESD STM12.1-2006). ESD chairs are an integral part of an effective ESD system that includes a conductive floor or mat to complete conductive path.

HUB: Historically Underutilized Business

Cal 133: The entire Neutral Posture family of products meets the specifications for California Technical Bulletin 117, the industry standard for upholstered furniture. Additionally, Neutral Posture chairs can be upgraded to meet the more stringent, California Technical Bulletin 133 standard, which is required by the California Bureau of Home Furnishings and Thermal Insulation for contract seating used in public facilities.

Standard Cal TB 133 Models and Options

Fabric:	Taft
Upcharge:	\$145 to Gr. 1 price
Available Chairs:	Options:
5000 Series	All Except Inflatable Lumbar
6000 Series	All Except Inflatable Lumbar, H1, H2
8000 Series	All Except Inflatable Lumbar, H1, H2
Embrace™	All Pulled Only
Shark™	All
Sahara™	All
Rio™	All
N·dure™	All
AbStool™ — except 1 back	All Except Cleanroom
Dice™ — arms not included	All

Neutral Posture can also utilize the Customer's Own Material (COM) for the CAL 133 upgrade if the material is an inherently flame retardant (FR) material, like Trevira® or Avora®. For large orders and corporate standards programs, Neutral Posture can also facilitate a lab-supervised burn test for each chair/upholstery combination. These tests will be negotiated and supervised through Neutral Posture's Engineering Department.

All models that comply with CAL 133 will be labeled accordingly on both the packing slip and the serial number description tag. Additionally, they will contain a label with the following notice:

Notice: This chair is manufactured in compliance with California Technical Bulletin 133 and meets the flammability requirements of the California Bureau of Home Furnishings.

Warranty

Lifetime Single Shift Warranty:

Effective January 2007

Neutral Posture, Inc. (NP) warrants all Neutral Posture® Seating and N-hancements® Accessories to be free from defects in workmanship and materials under normal use for the product's lifetime. Normal use is defined as wear which occurs in an office environment during the course of a normal single-shift usage workday (8 hours/per day/5 days per week).

This lifetime warranty shall be for all lines and components except as noted: chair controls, arms and plastic components are warranted for ten (10) years. Fabric is warranted for three (3) years. The fabric warranty does not include leather, Ultraleather™, NovaSuede®, UltraSuede®, Finesse® or COM and COL. The Inflatable Lumbar is covered for five (5) years.

NP's warranty obligation is limited to the replacement or repair, at NP's option, of defective products which have been reported by the original purchaser to be defective in workmanship or material and which are found to be so by NP upon inspection. Defective products shall be returned at the discretion of the factory, and all returns must be authorized in advance. NP will assume no responsibility for any labor charges unless agreed to in writing by NP's Corporate Office.

Freight for products and parts covered under warranty will be covered for the forty-eight (48) contiguous states with the method of shipping at Neutral Posture's discretion.

The user shall be responsible for all maintenance service, which includes: lubricating and cleaning of the product, assembly, adjustment and performing operation checks.

NP will have no warranty obligation if the product is subjected to abuse, alteration, misuse, negligence or accident or if the user fails to perform the maintenance service referred to above.

The warranty printed above is the only warranty applicable to these products. All other warranties expressed or limited, including but not limited to the implied warranties of merchantability and fitness for a particular purpose are disclaimed.

Continuous-shift/Intensive-use Warranty

Effective January 2007

Certain Neutral Posture seating models come standard with the benefits of the following continuous-shift warranty such as the N-dure™ Series and the Big & Tall Series. Other Neutral Posture products may be warranted for continuous-shift use through the purchase of the continuous-shift warranty (\$290 List). The continuous-shift warranty covers all components of the chair for a period of five (5) years from the date of purchase except for upholstery and Inflatable Lumbar. Only upholstery with a double-rub rating of over 1M is warranted for the complete 5-year period. Neutral Posture products not subject to the terms of our continuous-shift warranty, but used in such an environment (exceeding 8 hours per day/5 days per week), are to be free from defects in workmanship and materials for a period of two (2) years. Neutral Posture shall have no warranty obligation if the product is subjected to abuse, alteration, misuse, negligence or accident. All other terms and conditions of our lifetime single-shift warranty apply.
